

CRESCENT™ Series

Wall & Step Light

Model WL600

*Architectural
Accent Lighting
For Hardscapes*

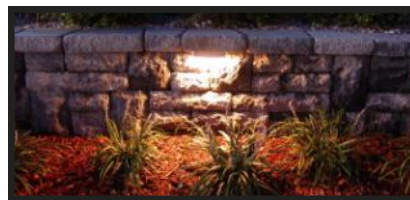

Low Voltage Recessed Lighting Offers Aesthetic Appeal And Optimum Design Flexibility

Extend daytime lifestyles into twilight and beyond with The **Evening Star® WL600 Wall & Step Light**. Adding Hardscape lighting creates a warm ambiance and welcoming atmosphere that will visually expand your outdoor living space, and increase the safety and security of your home.

The **CRESCENT™** series feature a 8 watt, snap-in, double bulb Lamp Module™ that replaces easily without tools. Advanced optics provide a smooth, diffused wash of illumination, and cool operating temperature.

Designer faceplates are available in antiqued copper or brass, brushed stainless steel, or with a powder-coated faux finish.

The commercial grade stainless steel fixture installs easily under wall cap or step material. A 72 inch Wire Harness and choice of cable connector are included.
